## WHO DO WE SAY WE ARE?

Have we identified the roots of systemic racism within our presbytery?

DAVIES ROOM

We will be launching our second survey with paper and digital options available. This survey is critical to our work in that it will “test” our preliminary findings.

**Time-sensitive survey to interrupt the patterns of racism in our presbytery.**

T-CARE members interim report and invitation to participate in our survey: sharing on paper or QR code. Do it at the meeting or before June 10. You have information and experience we need to complete our analysis of how racism functions here. This is the central and most important phase in our work.
